

Baby, Will Ya Run with Me

Baby, I'm feelin' restless, restless as can be
The highway is callin', it's callin' my name
Baby, will ya run, Baby, will ya run with me

Two days in one place is one day too long
I'm either goin' or I'm already gone
Baby, will ya run, Baby, will ya run with me

Run from boredom run from the law
Run from your daddy in Arkansas
Baby, will ya run, Baby, will ya run with me

I'm like a pressure valve about to burst
Don't even have to release it first
Baby, will ya run, Baby, will ya run with me

Baby, will ya run with me
Baby, will ya run with me
Baby, will ya run with me
Baby, will ya run with me

Break

Baby, I'm feelin' restless, restless as can be
The highway is callin', it's callin' my name
Baby, will ya run, Baby, will ya run with me

Two days in one place is one day too long
I'm either goin' or I'm already gone
Baby, will ya run, Baby, will ya run with me

Run from boredom run from the law
Run from your daddy in Arkansas
Baby, will ya run, Baby, will ya run with me

I'm like a pressure valve about to burst
Don't even have to release it first
Baby, will ya run, Baby, will ya run with me

Baby, will ya run with me
Baby, will ya run with me
Baby, will ya run with me
Baby, will ya run with me
