

Retroactive Roses

So often taken for granted
Has left you so disenchanted
Only retroactive roses
Could make up for
All those occasions
You've been ignored
And no garden grows
Such a healing rose
If only there were a rose
That could somehow go
Back to the start
And unbreak your heart
I'd bring you dozens
And dozens of those
But no garden grows
Such a healing rose
I'd pick a fresh bouquet
For you every single day
But only retroactive roses
Could make up for
All those occasions
You've been ignored
And no garden grows
No garden grows
No garden grows
Such a healing rose
