

The Naked Remains of a Middle-Aged Man

Tonight another body was found
In a double-wide one the outskirts of town
Details are sketchy but it seems once again
To be the naked remains of a middle-aged man

That's three this year the others had in common
Got it bad cases for women that didn't want 'em
Details are sketchy but it's becoming a trend
The naked remains of a middle-aged man

Hey I don't feel so great myself
Knowing you're out with somebody else
I light up an unlucky think of you with him
On a night like this I feel like I am
Just the naked remains of a middle-aged man

I'm not crazy enough to do myself in
But nights like this I feel like I am
The naked remains of a middle-aged man

The faint scent of your perfume's
All that's left of you in our bedroom
I turn off the tv and turn out the light
You call it a trial separation
I call it another lonely night

I light up an unlucky think of you with him
On a night like this I feel like I am
The naked remains of a middle-aged man

Tonight another body was found
In a double-wide on the outskirts of town
