

## American Lover

Hey buddy fall's hit the cottonwoods  
Rio Grande Boulevard's a riot of color  
I'm living moment to moment  
With my American lover

She brings me coffee in bed  
Her cats follow her like friends  
The sun bursts golden above half-curtains  
A hot air balloon flies overhead

Hey buddy it's everything we dreamed it would be  
Everything and more  
These American girls sure know how  
To welcome a boy home from war

And when those bad dreams come  
In the middle of the night  
She pulls me closer to her  
And holds on tight

Remember back in the bloody Delta  
Man it was only yesterday  
We said we'd trade all our tomorrows  
For a day like this in the USA

Repeat 1<sup>st</sup> verse

Repeat chorus

Hey buddy fall's hit the cottonwoods  
Rio Grande Boulevard's a riot of color
